

Transport Access Program

Como Station Upgrade

Project update

December 2020

Como Station Upgrade is part of the Transport Access Program, an initiative to provide a better experience for public transport customers by delivering modern, safe, and accessible infrastructure. The upgrade will provide a station that is accessible to those with a disability, limited mobility, carers/parents with prams and customers with luggage.

Artist's impression of the new lift connecting Como Parade commuter car park and the station underpass – subject to detailed design

Upcoming work

Work will continue in December and includes:

- Concreting work for the new lift pit, lift shaft and lobby area underneath the platform
- Excavation work to enable the construction of the new Como Parade lift
- Installation of fencing on Railway Road
- Temporary closure of a portion of the commuter car park and Como Parade station entry/exit.

For more information call **1800 684 490**,

Email projects@transport.nsw.gov.au or visit www.transport.nsw.gov.au/projects/como

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

Weekend work – 12 to 14 December 2020

Weekend work will take place from **4am Saturday 12 December** until **12am Monday 14 December 2020**. Some of this work will take place in the rail corridor and needs to be carried out during a scheduled Sydney Trains track work period when trains are not running for the safety of customers, workers and the wider community.

Work will include:

- Excavation of the Como Parade rock face to enable the construction of the new lift and stairs
- Removal of excavated material
- Installation of the platform lift structural steel and permanent fencing
- Balustrade installation on Railway Road.

Equipment to be used includes a 130t crane, excavators, dump trucks, bobcats, rollers and hand tools.

The commuter car park will be closed during this time to enable heavy vehicle movements and spoil removal.

This work will be noisy at times. Wherever possible measures to reduce noise will be implemented including scheduling noisy work during daytime hours, turning off vehicles and equipment when not in use, monitoring noise, using non-tonal reversing beepers and acoustic barriers.

We apologise for the inconvenience and thank you for your patience during this important work.

Please visit www.transportnsw.info or call **131 500** for up to date information regarding service updates and replacement buses during this time.

Pedestrian and parking changes

Como Parade station access ramp – temporarily closed from Monday 30 November

The Como Parade access ramp will be closed from Monday 30 November for approximately three months for the safety of customers and our workers while work is carried out for the new lift. Access to Como Station will be available via the Railway Road entrance only. The Como Parade access ramp will be open over the festive break, between 23 December 2020 and 4 January 2021.

Temporary changes within the commuter car park

From Monday 30 November 2020 to 28 February 2021, up to 38 parking spaces will be temporarily closed in the commuter car park, including 24 spaces in the northern end of the car park and 14 spaces closer to the entrance. These temporary closures are essential to enable safe excavation and material removal for the new lift.

Changes to the commuter car park are expected to occur for up to three months and parking will be reinstated gradually as construction progresses.

Blue markers show unavailable car parking spaces, green markers show bidirectional access around the station.

Alternate parking remains available on Railway Road and surrounding streets. Alternatively, parking is available at Sutherland and Jannali Stations.

The commuter car park will be temporarily closed to enable construction to occur over the weekend 12-14 December.

Construction hours

To support the industry and continue the delivery of critical infrastructure, the NSW Government has introduced new rules allowing construction sites to operate on weekends and public holidays. Standard construction hours are now **7am to 6pm every day, including weekends and public holidays**. These changes have been made to facilitate social distancing on construction sites and support the health and wellbeing of workers.

Keep in touch

We will continue to keep the community informed with regular project updates. Further information is available on the project website www.transport.nsw.gov.au/como. If you would like to be added to the project distribution list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
