

Transport Access Program

Birrong Station Upgrade

Community Notification

May 2020

The Birrong Station Upgrade is part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

Upcoming work

Site investigations

From 6am to 6pm on Saturday 2 and Sunday 3 May 2020, site investigations and survey work will be carried out at Birrong Station. The results of the investigations will be used to inform the concept design for Birrong Station Upgrade.

The work will be carried out during a scheduled Sydney Trains trackwork weekend when train services will not operate.

For further information about rail replacement buses, phone **131 500** or visit transportnsw.info.

Equipment to be used

The work will include survey tools, excavators, track machines, construction vehicles, vacuum trucks and other testing equipment.

Where possible, measures will be implemented to reduce noise, including turning off vehicles and equipment when not in use and using non-tonal reversing beepers.

Keeping the community informed

For further information about the Birrong Station Upgrade, please contact the Project Infoline on **1800 684 490**, email projects@transport.nsw.gov.au or visit transport.nsw.gov.au/birrong

For urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
