

Transport Access Program

Beecroft Station Upgrade

Project Update

September 2021

Work will continue in September and includes:

- continuation of the refurbishment of the existing platform toilet facilities
- continuation of electrical and communication services upgrade work
- continuation of work associated with lift structures.

Equipment to be used includes excavators, concrete trucks/pumps, asphaltting equipment, delivery trucks, cranes, power tools and hand tools.

There will be some construction noise associated with this work. We apologise for the inconvenience and will minimise the impact by turning off vehicles and equipment when not in use, monitoring noise levels, using non-tonal reversing beepers and acoustic barriers.

Station toilet closed – temporary toilet available

The existing toilet in the station building will continue to remain closed **until November 2021** while it is upgraded to a family accessible toilet. As it was outlined in August notification, weekend work scheduled late July could not be carried out due to pause in construction and the entry to the family accessible toilet could not be completed.

A temporary unisex toilet is available for use at the Sutherland Road entrance to the pedestrian tunnel. Toilet facilities will continue to be available when the station is attended by Sydney Trains staff. Please contact 131 500 or transportnsw.info for further information regarding services and station operation hours. Signage is in place to help with these temporary changes.

Permanent footpath completed and Wongala Crescent ramp work

The footpath upgrade, between the station underpass and the Sutherland Road Commuter Car Park is now completed, and customers have access to the newly regraded permanent footpath.

Some minor finishing work may occur alongside the ramp including landscaping.

Ongoing station access changes

The stairs and ramp between the Wongala Crescent Commuter Car Park and the station will remain closed until **late 2021**, to allow for construction of the new lift to be carried out. Customers can continue to access the station via the ramp from Wongala Crescent, and the pedestrian underpass tunnel.

For more information call 1800 684 490.

Email projects@transport.nsw.gov.au or visit www.transport.nsw.gov.au/beecroft.

For urgent enquiries or complaints regarding construction activities, please call 24 hours 1800 775 465

Are you studying for the Higher School Certificate?

If a member of your household is studying for the Higher School Certificate (HSC), please contact us as soon as possible. We will make every effort to limit disruption to HSC students during the exam period.

Construction hours

Standard construction hours are **7am to 6pm every day, including Sundays and public holidays**. This is to facilitate social distancing on construction sites and support the health and wellbeing of workers.

This work schedule may be subject to change due to NSW public health orders.

Thank you for your ongoing patience during all construction work.

Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website: transport.nsw.gov.au/beecroft. If you would like to be added to the project distribution list, please contact us on 1800 684 490 or email projects@transport.nsw.gov.au. For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on 1800 775 465.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
