

Transport Access Program

Bexley North Station Upgrade

Project update

April 2021

Upcoming work

Construction of Bexley North Station Upgrade is continuing, with work to construct the new lift and stairs to the Platforms and a new ramp within the Commuter Car Park currently underway. Construction activities will continue throughout April, and include:

- excavation and services installation on the platform and in the Commuter Car Park
- installation of new handrails to the platform stairs
- refurbishment of the platform building including the conversion of the existing female toilet into a unisex ambulant toilet
- construction and backfill for the new station access ramp and retaining walls in the Commuter Car Park
- pre-fabrication of the new concourse within the Commuter Car Park
- delivery of materials and equipment to the Commuter Car Park temporary work area
- removal of construction materials from underneath the temporary stairs.

Equipment to be used includes delivery trucks, concrete trucks and pumps, excavators, rollers, small mobile cranes, power and hand tools.

For project information call **1800 684 490**,

email projects@transport.nsw.gov.au or visit transport.nsw.gov.au/bexley-north

For urgent enquiries or complaints regarding construction activities, please call 24 hours 1800 775 465

Changes to station toilets

The former male toilet in the station building has been refurbished and will be **reopened** for use as a temporary unisex toilet on **Thursday 1 April 2021**. This toilet will eventually be the family accessible toilet.

This will enable the temporary closure and refurbishment of the existing female toilet until late 2021. Signage has been installed to help customers with these temporary changes. When complete, the station will feature a new family accessible toilet and a unisex ambulant toilet.

Kingsgrove Avenue parking and access changes

To create a safe working area for construction of the access ramp and car park upgrades, there will be ongoing temporary parking and access changes including:

- temporary closure of the Kingsgrove Avenue Commuter Car Park **until late 2021**. Parking will remain available for commuters on Kingsgrove Avenue, west of the Commuter Car Park.
- temporary closure of up to 18 car parking spaces along the rail corridor boundary fence
- temporary lane width reduction.

Pedestrians are to continue to access the station via Kingsgrove Avenue and Bexley Road footpath.

Motorists, please allow extra travel time and follow the direction of signage including reduced speed limits while the temporary changes are in place on Kingsgrove Avenue (westbound).

Construction hours

Standard construction hours are **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

For the safety of staff, customers and the community, some work will be completed outside standard construction hours. We will notify nearby residents and businesses in advance if we need to work outside these times.
