

Transport Access Program

Canley Vale Station Upgrade

Project Update

April/May 2021

Transport for NSW is improving accessibility at Canley Vale Station. The upgrade will provide a station precinct that is accessible to people with a disability or limited mobility, parents/carers with prams, and customers with luggage.

Weekend work in April/May 2021

From **6pm on Friday 30 April** to **5am on Monday 3 May**, work will take place continuously during a Sydney Trains trackwork weekend, when trains are not running.

Work will take place in the rail corridor, at the station, and on First Avenue and Railway Parade and includes:

- regrading and restoring the surface of both platforms
- removing tactile indicators from the station platforms
- installing new lift shafts and construction lift landing canopies on First Avenue and Railway Parade
- landscaping preparation work on Railway Parade
- replacing track overhead wires
- electrical and building work in the station building and on the platforms
- electrical work around the station.

Equipment to be used includes trucks, cranes, elevated work platform, grinder, vacuum trucks, excavators, jack hammer, dump trucks, concrete vehicles, line pump, piling rig, lighting towers and hand tools.

Traffic control, security and signage will be in place to assist pedestrians and motorists around the work area when required. The work activities will be noisy at times. We apologise for the inconvenience and will minimise the impact by turning off vehicles and equipment when not in use, monitoring noise levels, using non-tonal reversing beepers and acoustic barriers. Lighting towers will be solar powered to further reduce noise.

Access changes during weekend work

To carry out this work safely, temporary access changes will be in place. Traffic controllers, security and signage will be in place to assist motorists and pedestrians.

For more information call **1800 684 490**,

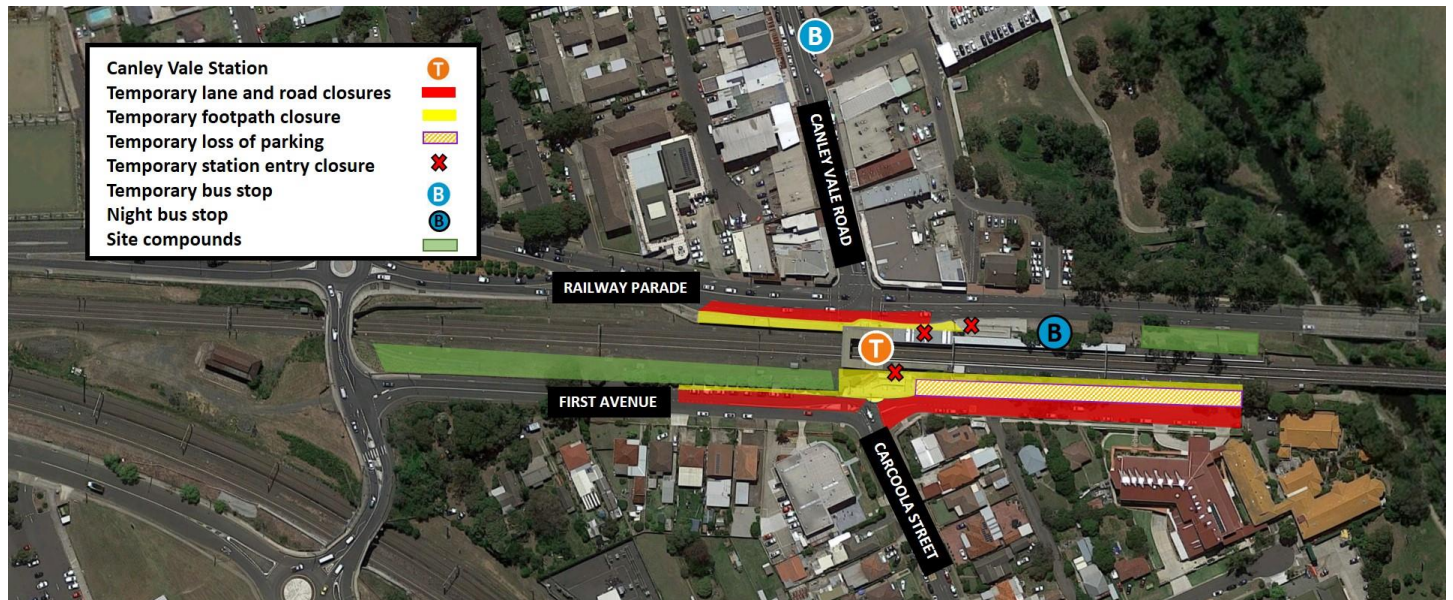

Email projects@transport.nsw.gov.au or visit transport.nsw.gov.au/canleyvale

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**.

Road closures and parking changes

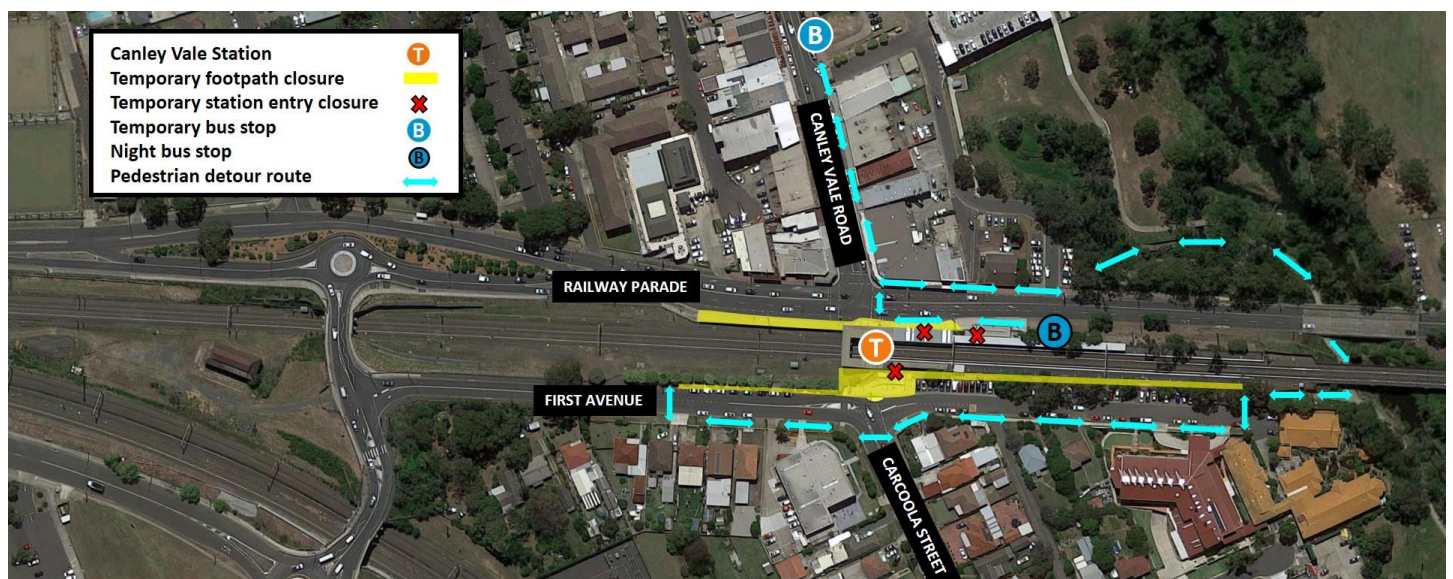

From **9pm Thursday 29 April to 5am Monday 3 May**, the following changes will be in place:

- First Avenue will be closed, north of Caroola Street, including the commuter car park. Access will be maintained for residents and visitors to ACDMA Aged Hostel.
- A single lane closure will be in place on Railway Parade, next to the station.
- Access for emergency vehicles will be maintained at all times.

Pedestrian access changes

- From **2am Saturday 1 May to 5am Monday 3 May**, the footbridge across the rail tracks will be closed. A pedestrian detour will be in place via the pedestrian underpass from First Avenue to Railway Parade. Please note: this detour route will be patrolled by security guards and traffic controllers, and will be well lit with lighting towers.
- The footpath on the station sides of First Avenue and Railway Parade will be blocked and pedestrians will need to use the footpaths on the opposite side of the street. Directional signage will be in place to assist pedestrians.
- Pedestrian access to businesses on Railway Parade will be maintained at all times.

Pedestrian detour route 2am Saturday 1 May to 5am Monday 3 May

Bus stop closures and diversions

Due to work being undertaken at the station, customers can access replacement bus services from the temporary bus stop located on Canley Vale Road during the day and on Railway Parade at night.

Please visit www.transportnsw.info or call **131 500** for up to date information regarding service updates and replacement buses during this time.

Platform changes from Monday 3 May

As part of platform resurfacing work, the existing tactile indicators will be replaced with new tactile ground surface indicators along the edge of the platform. Tactile indicators are raised markings placed on the platform edge to warn pedestrians with vision impairment.

The existing tactiles will be removed between **Friday 30 April** and **Monday 3 May**, and replaced with new tactiles between **Monday 10 May** and **Monday 17 May**.

During the installation period, temporary non-slip yellow tape will be used to mark the edge of the platform. Additional measures including extra station staff, security guards, frequent announcements, and directional signage will also be used to ensure pedestrian and customer safety.

Other activities in May

Work activities in May include:

- lift shaft installation and finishing work
- landscaping and tree planting
- civil work on Railway Parade and First Avenue
- installing road and platform furniture
- continuing electrical and mechanical work
- installing tactiles on platforms.

Equipment to be used includes trucks, elevated work platform, grinder, vacuum trucks, excavators, jack hammer, concrete vehicles, line pump, piling rig and hand tools.

Construction hours

Standard construction hours are **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

Keep in touch

We will continue to keep the community informed with regular project notifications and frequent online updates published to the project website www.transport.nsw.gov.au/canleyvale.

If you would like to be added to the project distribution list, or for more information on the Canley Vale Station Upgrade, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
