

Transport Access Program Canley Vale

Canley Vale Station Upgrade is now complete and the community is able to use the station's new and improved accessibility features.

Customers can use the two new lifts to access the platforms and station amenities, including a new family accessible toilet, a male ambulant toilet and a female ambulant toilet.

CCTV, wayfinding signage and lighting have been improved to increase safety and security around the station precinct.

A new accessible parking space and a kiss and ride area are available on First Avenue. The footpath has been widened on Railway Parade to allow easier access to the station.

Key facts

613 workers on the project

92,925 approx. hours worked

50 tonnes of structural steel used

109 cubic metres of concrete poured

Finishing work

Over the next month, you may notice some minor finishing work around the station.

Thank you to those who have provided feedback on the theme for a proposed public artwork. We are working with the artist and key stakeholders to finalise the design and location of the artwork.

New lift at Canley Vale Station

Thank you for your patience and cooperation throughout the construction of the Canley Vale Station Upgrade.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
