Transport Access Program
Casino Station Upgrade
Have your say

The NSW Government is improving accessibility at Casino Station

Planning is under way to improve accessibility at Casino Station. The improvements will make it easier for customers to use the station especially people with additional mobility requirements, parents/carers with prams and customers with luggage. Feedback on the concept design is invited until **Monday 8 November, 2021.**

Key features of the proposed upgrade include:

- a new accessible path from the station entrance to the car park
- upgraded access to a new accessible car space
- upgrade of the existing walkway between the car park and platform
- modifications to the waiting room and ticket counter
- improved amenities including ambulant toilets
- a new boarding assistance zone and new platform tactiles
- improvements to way finding and lighting
