

Transport Access Program

Dapto Station Upgrade

Have your say

The NSW Government is improving accessibility at Dapto Station

Planning is under way to improve accessibility at Dapto Station. This will make it easier for everyone to use the station, especially those with additional mobility requirements, parents/carers with prams and customers with luggage.

We are inviting your insights on access at Dapto Station and feedback on our proposed upgrades until **Sunday 31 October 2021**.

What are we proposing?

We have assessed Dapto Station against the *Disability Standards for Accessible Public Transport (DSAPT)* and the *Disability Discrimination Act 1992 (DDA)*, the legislation which sets the standards for accessibility in Australia. To meet these standards and improve safety and accessibility at the station, our proposed upgrades will include:

- updating the level crossing pedestrian zone
- upgrading ramps
- creating a formal kiss and ride zone
- upgrading bathrooms to include an ambulant toilet in both male and female bathrooms
- upgrades to existing foot paths to station entrance
- regrading Platform 2 in front of the station building to achieve a compliant level
- widening Platform 1 up to the Boarding Assistance Zone.
- upgrading existing lighting to increase security

What else is happening at Dapto Station?

You may have noticed activities already happening at Dapto Station. Transport for NSW is also delivering the More Trains, More Services program which will prepare the station for the introduction of the Mariyung fleet. The new 204-metre-long fleet of trains will provide greater comfort and convenience for south coast customers.

Find out more about this program at yoursay.transport.nsw.gov.au/mtms-dapto.

Have your say

We want to know how you use Dapto Station and any challenges you face in accessing the station during your transport journey.

Tell us about your current experience with access at the station and let us know what you think about our proposed upgrades.

Your feedback will help Transport for NSW understand what is important to customers and the community.

Please scan the QR code or visit

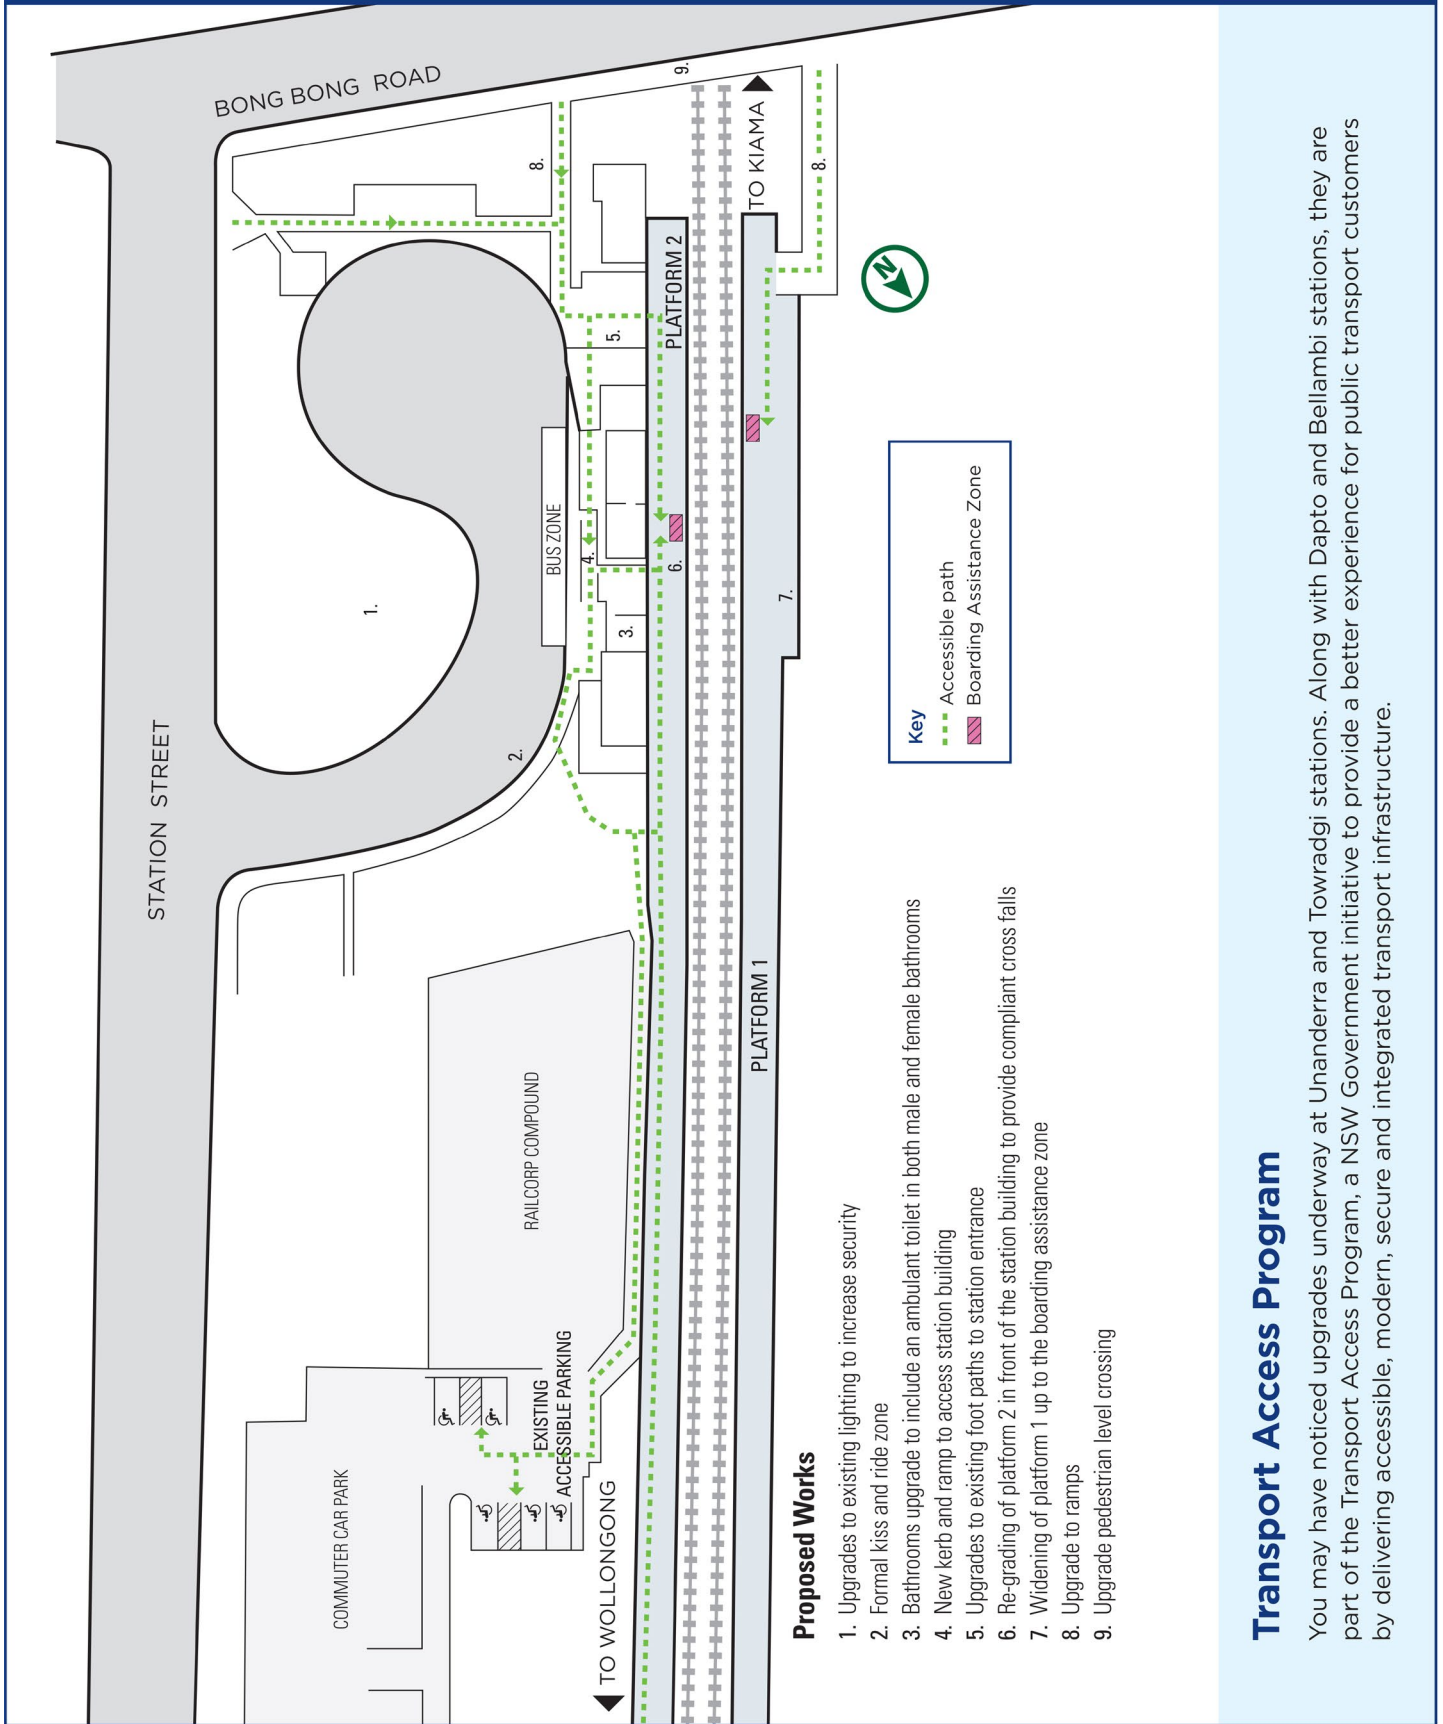

www.transport.nsw.gov.au/dapto

Provide your feedback by:

- completing the feedback form at www.transport.nsw.gov.au/dapto
- emailing projects@transport.nsw.gov.au
- writing to Transport Access Program – Dapto Director Rail Development and Delivery, Transport for NSW
PO Box K659, Haymarket NSW 1240.

Please provide your feedback by midnight **Sunday 31 October 2021**.

Proposed accessibility upgrades at Dapto Station

Transport Access Program

You may have noticed upgrades underway at Unanderra and Towradgi stations. Along with Dapto and Bellambi stations, they are part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.
