

Investigation work at Denistone Station from 8 September

September 2021

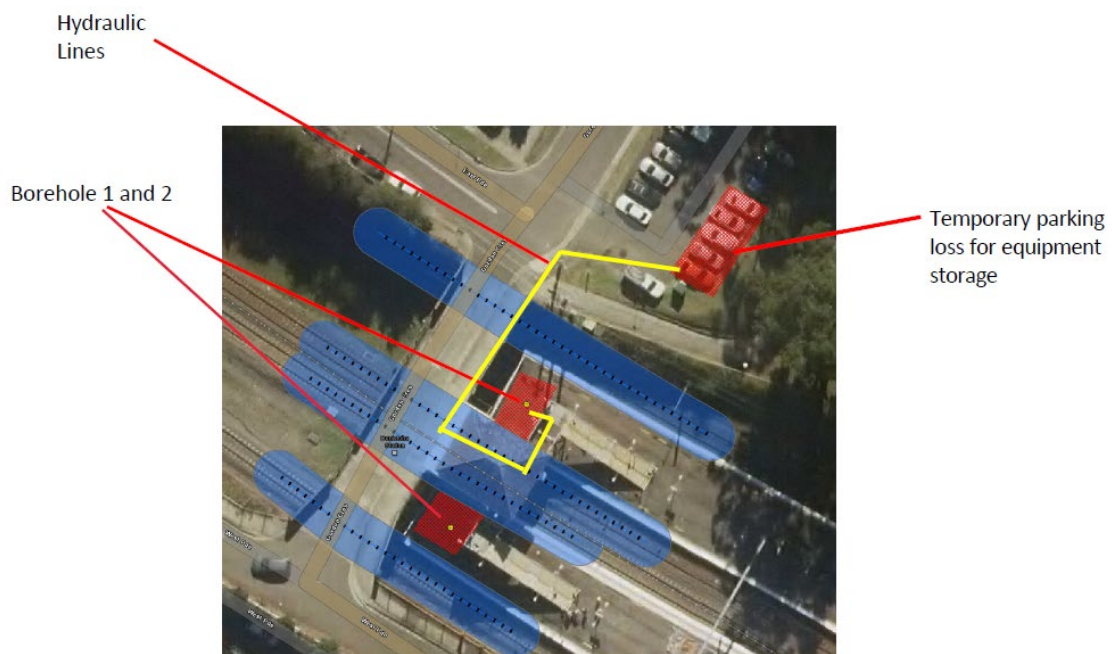

The NSW Government is proposing to improve accessibility at Denistone Station as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure across the state.

Transport for NSW will be carrying out geotechnical and utilities investigations for the proposed upgrade of Denistone Station to make it easier to access, especially for people with disability or limited mobility, parents/carers with prams and customers with luggage.

These works are in line with the current Public Health Orders and a COVID-Safe plan is in place, including the use of face masks and QR codes.

Investigation work will include bore hole drilling work for geotechnical assessment on platform 1 and 2.

Work locations at Denistone Station

Our work schedule

We will be on site for up to ten day shifts from **Wednesday 8 September to Saturday 25 September**. Our work hours are 7am to 6pm Monday to Friday and 8am to 1pm on Saturday.

How will the work affect you?

The work may be noisy at times but we will do everything we can to lessen the disturbance, including turning off vehicles and equipment when not in use, monitoring noise levels, using non-tonal reversing beepers and sound barriers.

Traffic changes

There will be some temporary traffic changes during our work hours to ensure the work zone is safe. These include:

- Lanes will be closed for approximately two hours per day on Gordon Crescent to support construction vehicles accessing the station safely
- Up to five parking spaces in the commuter car park will be unavailable for the duration of the work.

There are no pedestrian access changes to the station entrance and underpass. Access will be maintained for emergency vehicles at all times.

Traffic control and signage will be in place to assist pedestrians and motorists around the area when required.

Keep in touch

We will continue to keep the community informed with regular project notifications and regular online updates published to the project website www.transport.nsw.gov.au/denistone.

If you would like to be added to the project distribution list, or for more information on the Denistone Station Upgrade, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.
