

Denistone Station Upgrade

Transport Access Program

Transport for NSW | April 2022

The Transport Access Program will deliver a better experience for Denistone customers with an upgraded and accessible station to all by mid 2023.

What have we achieved?

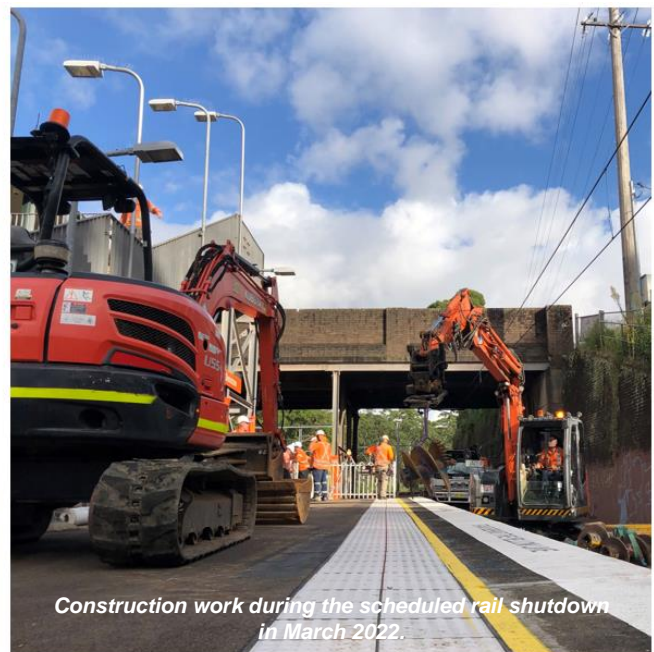

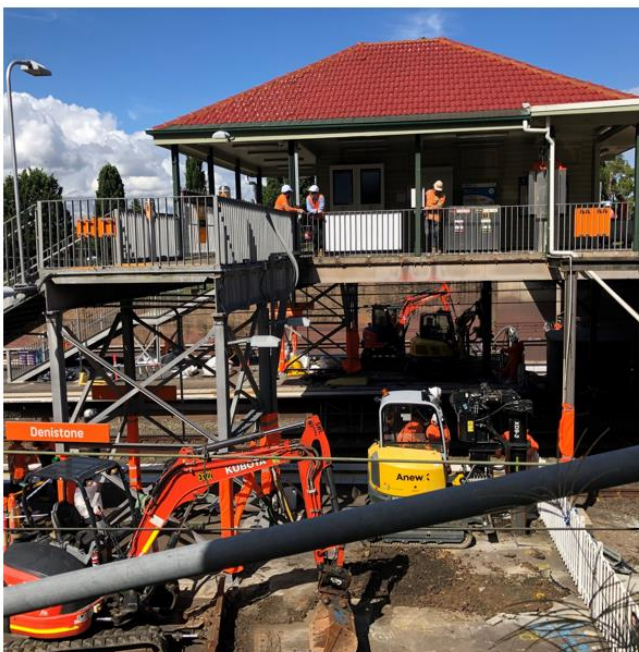

Since we started work in March we have:

- set up our compound on Kinson Crescent which includes a site office and area to store materials and equipment. The walking and cycle path continues to be open to the community.
- installed hoardings on both platforms secure our construction work zone.
- completed piling work and began excavation work for the station lifts.

Upcoming work

During April and May we will:

- continue with the detailed design
- connect the Kinson Crescent compound to the local electrical supply and remove generators
- survey and dig small holes to locate and inspect underground electrical, gas, water and sewer services
- excavate and lay concrete to prepare for construction of the lift pits on platform 1 and 2
- use survey equipment, vacuum trucks, concrete trucks, concrete pumps, delivery trucks and hand tools.

Our work schedule

Our work hours are between **7am** and **6pm Monday to Friday** and **8am to 1pm on Saturdays**.

We will update the community if any work is required outside these hours.

There will no work on public holidays including between **Friday 15 April** and **Monday 18 April** and on **Friday 25 April 2022**.

How will the work affect you?

The Kinson Crescent car park will be partially closed and used by our team for the duration of the project. Public parking also remains available in this location. Please plan your journey ahead of time as it may take longer than usual to find a parking space.

We understand that our work may be noisy at times. We will do everything to lessen the disturbance

including turning off vehicles and equipment when not in use and using non-tonal reversing beepers.

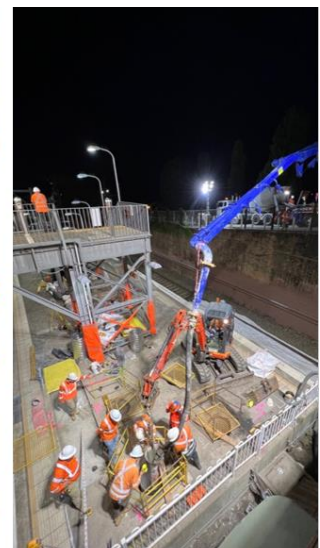

Temporary changes may be in place during our work hours to safely detour people around the work zone.

Keeping our community informed

It has been great to see interest from the community during our recent works. If you have questions, please reach out to the team by phone on **1800 775 465** or email at **projects@transport.nsw.gov.au**

You can find out more about the improvements we are making to Denistone station on our webpage at **transport.nsw.gov.au/denistone**

Thank you for your continued patience and for using caution around the areas of work.
